Campaign Spending: [List of Filers](#)

I am pleased to submit my application for re-election as Councilman in the 9th District, Hawaii County. I have been honored to serve my constituents during this current term. I trust I will maintain the support necessary to provide intelligent, effective leadership that promote policies representative of the best interests of the residents of the District and the people of the Big Island.

I will not alter the tone or tenor of the policies I have espoused previously. I continue to oppose any development that does not require basic infrastructure items; particularly roads, water and recreational facilities. I will maintain a strong advocacy for affordable housing and insist that the administration review present policies and ordinances to insure the problem of affordable housing is eliminated. There is no reason that the Hawaii County should not be a leader, nationwide, in developing a self-sustainable energy program. I will work to achieve this objective. Additionally, I will pursue more effective policies that promote land preservation, expand the advantages that accruing from our recently adopted free bus transportation, and work to achieve a safe and healthy environment for all island residents.

Finally, I will continue to represent the people of this District with integrity and diligence. I will cast my votes in Council as the constituents of the 9th District indicate, not in light of my own personal preferences. I look forward to your support in this upcoming campaign and during the 2006-2008 term of office.
